

## Extrusion Meets Analytics Knowledge Along the Process Chain

### Agenda of the day

08:30 am	Registration, Welcome & Coffee
08:45 am	Anton Paar Polymer Portfolio Overview
09:15 am	<b>Session 1</b> – Fundamentals of Polymer Rheology
10:00 am	Coffee Break
10:15 am	<b>Session 2</b> – FTIR & Raman Spectroscopy Material Characterization
11:15 am	Laboratory Practical Session
12:15 pm	Lunch & Networking
01:15 pm	<b>Session 3</b> – Using the Thermal Effects of Polymers for Characterization: The DSC Measurement Method
02:00 pm	Laboratory Practical Session
03:25 pm	Coffee Break
03:45 pm	<b>Session 4</b> – Viscosity Measurement Across Polymer Forms
04:00 pm	<b>Session 5</b> – Mixing and Extrusion in Polymer Processing
04:45 pm	Laboratory Practical Session
06:00 pm	End of Workshop
