

Corona Precautions During Rheology Workshop

October 2020 Beveren Edition

Corona Precautions during Rheology Workshop

General Guidelines

- Follow indicated walking direction and hygiene measures
- Keep 1,5 meters distance from other guests and staff members
- Do not shake hands with guests or staff members
- Wash your hands regularly and according the guidelines
- Use paper towels to dry your hands
- Cough and sneeze in your elbow and turn away from other guests and staff members
- Wear a mouth mask when you are not sitting at the table (or in your room)
- Stay at home if you have a cold or fever, even if you have (mild) health problems or if you or one of your housemates has fever
- Travel alone as much as possible

During the meeting

- Adhere to all general guidelines as listed above
- Disinfect your hands each time you enter and leave the location and/or meeting room. Hotel Beveren provides all necessary facilities for this
- Temperature will be measured before entering the meeting room, no access to the workshop when the temperature exceeds 37,5 °C.
- Depending on how busy it is, lunch will be served in the meeting room or at our private coffee lounge
- Snacks are provided as much as possible per person on separate plates. There are packaged alternatives so that hygiene is guaranteed
- Lunch is provided per person in takeaway bags
- After picking up drinks, snacks or lunch at our private coffee lounge, we ask you to take your seat back, so that the social distance can be maintained at all times

--- The starting point for this protocol are the measurements in force and the opinions adopted by the National Security Council (in Belgium) at the time of publication. The protocol can be adapted at any time when circumstances change. The protocol is intended as a general framework for the safe organization and attendance of meetings and congresses ---
