25th November 2025

Discover the New Julia DSC Series: Speed Meets Precision

Join us for an inspiring day dedicated to thermal analysis innovation – experience the all-new **Julia DSC** in action and explore how Anton Paar's technology helps you unlock deeper insights into material behavior.

Time	Content
09:00 – 09:15 am	Welcome Coffee and Registration Start your day with a warm welcome, networking opportunity, and a cup of coffee.
09:15 – 09:45 am	Opening & Introduction to Anton Paar An introduction to Anton Paar's mission, technology expertise, and how we empower research and industry worldwide.
09:45 – 10:30 am	Why Differential Scanning Calorimetry? Explore how DSC supports applications from pharmaceuticals to polymers and academic research – uncovering the «why» behind every thermal curve.
10:30 – 10:45 am	Coffee Break
10:45 – 12:00 am	Hands-On Session: Experience Julia DSC Get hands-on with the new Julia DSC and experience its user-friendly operation, precision, and flexibility in real measurements.
12:00 – 01:00 pm	Lunch
01:00 – 01:45 pm	The Julia Suite Software: Get Your Results Fast Learn how the Julia Suite simplifies data evaluation, automation, and reporting – and how it integrates into modern lab workflows.
01:45 – 02:00 pm	Coffee Break
02:00 – 02:30 pm	Beyond DSC – Complementary Instruments Discover other Anton Paar solutions that enhance your workflow and simplify daily lab challenges.
02:30 – 03:00 pm	Q&A, Closing and Final Remarks
