

Synergy of FTIR and Raman Techniques: Innovative Approaches in Scientific Analysis

Spectroscopy Day Corcelles

Thursday, April 30, 2026

08:45 am	Welcome round with coffee & croissants
09:00 am	The principles of FTIR and Raman spectroscopy
10:30 am	Coffee break
10:45 am	Advantages, limitations and challenges of each method
11:30 am	Joint applications: Rheology / Raman & Synthesis / Raman
12:30 pm	Lunch Break
01:30 pm	Hands-on session in the lab: <ul style="list-style-type: none">- FTIR- Raman- Rheology / Raman combination
04:30 pm	End of the seminar
