AGENDA
Tribology, Lubricity, and Friction Reduction for Downhole and Petrochemical Applications

8:30  Welcome and introductions
8:45  Tribology, lubricity, and friction
     Theoretical background
     MCR Tribometer measurement concept
     MCR Tribometer applications

10:30  Coffee and discussion

10:45  Pin-on-Disk Tribometer measurement concept
       Pin-on-Disk Tribometer applications

11:45  Lunch (provided)

12:30  Nano Tribometer measurement concept
       Nano Tribometer applications

13:15  Coffee and discussion

13:30  Demonstration MCR Tribometer

15:30  Demonstration Pin-on-Disk Tribometer

16:15  Question and answer

16:30  End of seminar
