

Anton Paar GmbH, located at Anton-Paar-Straße 20, 8054 Graz, Austria (hereinafter referred to as "Anton Paar"), offers customers a voucher allowing them to submit a sample for microwave digestion free of charge. Anton Paar will then assess whether the digestion requirements can be fulfilled. Customers will receive a sample application form, which they must complete and submit along with their sample. Anton Paar will develop a customized method for the customer by consulting its extensive database, adapting, optimizing and validating the method for the specific sample. This process enables customers to make informed decisions about their investment in a product from the Microwave Digestion Instruments range. With the Multiwave series, customers can digest various types of samples, including food, environmental, polymer, cosmetic, pharmaceutical, geological, chemical and petrochemical samples. Registration for this campaign requires acceptance of these terms and conditions.

Participation terms and conditions
