

# ANTON PAAR GMBH – POWER UP YOUR POWDER CHARACTERIZATION

**Anton Paar GmbH**, located at Anton-Paar-Straße 20, 8054 Graz, Austria (hereinafter referred to as “Anton Paar”), is pleased to offer its customers an exclusive opportunity as part of the "Power Up Your Powder Characterization" campaign. For each two non-identical instruments purchased by the customer from Anton Paar's comprehensive powder characterization portfolio in one order, they will receive the lower-priced instrument in basic configuration without special accessories or software at no additional cost. Installation services and trainings do not qualify for this offer and will be charged separately. The sales campaign does not apply if two identical instruments are purchased. The same instrument(s) in different configurations are considered identical. In case a customer is eligible for more than one complimentary instrument under this campaign, the complimentary instruments will be determined based on the following order: the second most expensive qualifying instrument, the fourth most expensive qualifying instrument, the sixth most expensive qualifying instrument, and continuing in this pattern for any additional eligible instruments.

Additionally, eligible customers will be awarded a voucher for complimentary participation in Anton Paar's Powder Characterization Masterclass.

Anton Paar's powder portfolio consists of the following instruments:

- XRDynamic 500
- XRD non-ambient attachments (HTK 1500, HTK 1200N, HTK 16N, HTK 2000N, XRK 900, TTK 600, CHC plus<sup>+</sup>)
- MCR XX2 powder flow cell setup including 1 measuring geometry or envelope density setup
- MCR XX2 powder shear cell setup
